**Across**

2. An instrument with six or twelve strings that is played with the fingers.

3. A percussion instrument that is round, large, and made from two metal discs that you bang together.

4. The words of a song.

5. A wind instrument with piano keys that is played by squeezing air in and out.

**Down**

1. The section of a band that makes the rhythm of the music by using instruments such as drums, cymbals, the triangle, and tambourine.
